“Two days Hands on Workshop on Aerobiological & Molecular techniques”

(28th & 29th March 2023)

Workshop on Aerobiological & Molecular techniques was organized on 28th March 2023 & 29th March 2023. Various techniques, including air sampling, pollen monitoring, spore identification, and data analysis, were covered in detail. Practical demonstrations and hands-on sessions were integrated to facilitate a deeper understanding of the tools and methodologies discussed. The workshop was carried out in presence of Mr. Akshay Shete. Dr. Abhijeet Limaye & Dr. Balkrishna Shinde gave their valuable time to guide our students regarding molecular techniques. Total 30 students had Participated in this workshop. Participants actively engaged in practical exercises involving air sampling techniques using various equipment. These sessions allowed attendees to familiarize themselves with the tools and methodologies discussed during theoretical sessions.
