Subject: On Job Training

On Job Training is one of the most influential and well-established ways of teaching students the skills and knowledge needed to work in a professional environment. It is a continuous process that happens throughout the semester, in which students take on new responsibilities and face new challenges. On-job training helps students to adapt and grow programming language knowledge.

Objectives of the Activity:

- Allows students to learn a new skill within their field of work in a timely matter.
- Provide practical skill for applying in Software Development.
- Helps students to understand how to use tools, software, techniques used in a live environment.
- Enhance student's ability to gain real-life skills that are important for their future job.

Course Highlights

Bridging the Skills Gap: On-the-Job Training helps bridge the gap between what students already know and what they need to know to succeed in their field.

Enhance Practical Skills: By providing hands-on, practical training, on the job training helps students to develop the specific skills and knowledge they need to work in IT industry.

During On-the-Job Training students are engaged in the real production process instead of the simulated learning process with discussions, case studies and Q&A sessions to enhance understanding.

Improves Students Morale and Retention: The curriculum covered all major aspects of IT Industry by providing students with a well-rounded understanding of the field.

Expert Guidance: Students benefited from the extensive industry experience and academic knowledge of the instructors.

Certification: Upon completion, students received a certificate recognizing their proficiency in project and programming language.

Generally, at the time of On-Job Training session developers teach basics of programming language and clarifies every queries of each and every student. Developers makes the group of 2 or 3 students and assigned them one project based on programming languages.

According to given project, developers checks the progress of every group and guide them to complete project. Project completed student's interviews are arranged and give guidance and suggestion for improving their communication skills.

For that mock-interviews are conducted so that students get experience and improve their confidence level.

**PDEA's Waghire College,
Department of Zoology**

“Two days workshop on Life science”

**Organized by Zoology Department in collaboration with Botany and Microbiology departments under the DBT- STAR College Scheme
30th and 31st January, 2023**

The Zoology department in collaboration with the Botany and Microbiology departments of Waghire College had organized two days workshop titled “Workshop on Life science” on 30th January and 31st January, 2023 under the DBT- STAR College scheme. During this workshop, eminent guest speakers like Dr. Gulab D. Khedkar, Dr. Laxmikant V. Shinde, Dr. Narsingrao N. Bandela, Dr. S.L.Laware, Dr. Aruna Bhambare and Ms. Chaitali Kshirsagar their talk on various topics related to Life science.

Felicitation of Guest speakers on 30th January and 31st January, 2023 respectively

On 30th January, 2023 after the inaugural function, Dr. S.L.Laware, Principal, ASC College, Sonai, Nevasa, Ahmednagar through his presentation on “Techniques in Biodiversity conservation” informed the students about the Biodiversity, types of diversities, need for conservation of biodiversity and the control measures adopted for biodiversity like ban on poaching and illegal hunting, stringent action on boycott of animal origin products, use of solar fencing as an alternative for controlling pest wild animals, afforestation, Water conservation, Provision of adequate food and water for wild animals. He also explained the Ex-situ and In-situ methods of conservation through which biodiversity can be preserved, protected and proliferated.

Dr. S.L. Laware delivering his talk on “Techniques in Biodiversity Conservation” on 30th Jan, 2023

Dr. Aruna Bhambre, Principal, B. Ed College, Sonai, Nevasa, Ahmednagar also through her talk on “Environmental Awareness” spoke on how small adoptive measures can be taken for conservation in day to day life by layman too. Small measures like reusing plastic, complete stoppage of plastic utilisation, use of cloth bags, use of primitive control measures for pest control instead of inorganic insecticides, use of earthenware refrigerator and utensils, planting of native plants instead of exotic plants etc. On a larger scale, conservation of native plant seeds can be achieved through seed bank preparation through the concept of “Ek Mul-Ek Mooth Biya” (One child-One fist of seeds). She also demonstrated to the students the seed ball preparation technique.

Dr. Aruna Bhambare delivering her talk on “Environment Awareness” on 30th Jan, 2023

Miss. Chaitali Kshirsagar, Director, MAESA Institute, through an interactive session spoke on what an ecosystem is and what are its different components, types of ecosystem and role of ecosystem components in environment maintenance and energy equilibrium.

Ms. Chaitali Kshirsagar delivering her talk on “Ecosystem” on 30th Jan, 2023
