The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NCC volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. A Blood donation camp was organized by our NCC unit, in collaboration with rotary club, Pune and Maitri Foundation, Saswad and agency was AFMC, Pune, through which more than 120 units of blood was donated by both students and the staff members of Waghire college. During the camp they check haemoglobin, blood pressure as well collected blood. It is a way of Waghire college, Saswad gesture in bringing a ray of hope to contribute to the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NCC volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it.

Blood Donated by community more than 60 staff and community peoples and 55

cadets by NCC cadets .

This Activity promotes awareness among the cadets as well as in community regarding the importance of blood donation

Main aim of this camp was was to collect blood units but also to make students aware about blood and its benefits. 2. It was an effort to motivate students to come forward and donate for this noble cause. 3. First time donors need to be encouraged so that once the initial hesitation/ fear goes away, the donor will look forward to such camps in near future too. 4.To help anyone, in case of any requirement for blood.

9. River and Historical Place Cleanliness DRIVE

Date-18th September,2023

Chief guest - Prin.Dr.Pandit shelke ,

Vice principals- Dr. Sampat Jagdale, and Dr. Subhash Wavhal,

NCC Officers- CTO.Dr.Sheetal Kalhapure (2 Maharashtra girls battalion),

ANO.LT.Gajendra Ahiwale (36 Maharashtra battalion) ,

CTO.Prof Sunil Shinde (3 Naval Unit)

Under the guidance of principal Dr.Pandit shelke the work started early morning with all eager volunteers from NCC gathered near the river. There were three NCC officers and 61 NCC cadets from Waghire college ,Saswad. The event initiated with a small EarthTalk delivered by Honourable principal propounding on the history of the river Karha and how it is an important resource to the residents there.

Ideas such as creative waste management which includes turning waste into everyday usable items, also referred to as Upcycling, was discussed. Creative waste management also helps in income generation for the economically backward.

Divided in teams, the participants split up to clean up different areas. Recycled plastic bags were used to collect the garbage.

As it is historical place area waste from religious rituals could be seen along with plastic debris all around. It felt fulfilling to take the effort and contribute for a positive change. Clean up work continued for more than two hours.

It was inspiring to see that the clean up participants were not just the cadets , but the principal, vice principals, co-ordinators as well NCCC officers too came with the same enthusiasm.

During the activity, we also went about interviewing everyone regarding the experience. Everyone put forward their points as to what made them get up in the morning to take this tedious task up; why are they particularly cleaning the river and what were their expectations from youth of our country. It was great to hear such varied opinions.

On the other side of the river, the local ladies were washing clothes at the same place. Seeing this the volunteers educated them about hygienic living and deadly diseases like dengue and chikungunya fever.

The garbage bags were then collected and loaded in the Municipality bins.

Cleaning our surroundings once in a year won't solve the issues, it should be an everyday practice that will take the country towards a healthy living and picturesque environments are the additional benefits. Cleaning up the polluted lands and water bodies can be something to start with and it felt great to have taken a step in that direction.

NCC department of Waghire college is thankful for such great participation and enthusiasm that made the event a riveting success. This activity promotes the awareness among the cadets and local peoples to maintain cleanliness of river and historical places.
