MEMORANDUM OF UNDERSTANDING

MEMORANDUM OF UNDERSTANDING MADE AT SASWAD
 ON THE 25th Jan 2023

BETWEEN

PDEA's Wadhwa College of Arts, Commerce and Science, Saswad, Tal. Purandhar, Dist. ...
 AND

Paul Hebert Centre for DNA Barcoding and Biodiversity Studies, Dr Babasaheb Ambedkar, Marathwada University, Aurangabad.

BACKGROUND OF THE ORGANIZATIONS

PDEA'S, Waghire College, Saswad, DBT STAR College Scheme, Department of Botany and Zoology and Internal Quality Assurance Cell (IQAC) Waghire College, Saswad, both located at Pune District Education Association's (PDEA), Waghire College of Arts Commerce and Science, Saswad, Tal: Purandar, Dist: Pune – 412301. The College was established in 1972 and spread over of 11 acres. College has actively involved in various research activities and also received DST-FIST grant from Department of Science and Technology and also funded for DBT STAR College Scheme from 2020.

Paul Hebert Centre for DNA Barcoding and Biodiversity Studies, Dr. Babasaheb Ambedkar, Marathwada University, Aurangabad. Biodiversity measures the variation of life shaped through ecology and evolution from genes to species and ecosystems. The Paul Hebert Centre for DNA Barcoding and Biodiversity Studies, Dr. Babasaheb Ambedkar Marathwada University (BAMU) is the nodal centre of DNA barcoding and it's Paul Hebert Centre for DNA Barcoding and Biodiversity Studies (PHCDBS) is dedicated to the study of biodiversity at the species level and the advancement of this field of research.

PHCDBS is also the focal point for all biodiversity-related research at BAMU to benefit over 50 Indian scientists across all Colleges and most departments. This Interdisciplinary Biodiversity Initiative at PHCDBS brings together all the BAMU biodiversity-related research community, and strengthens the individual potential to accelerate outcomes through collaborative action. A critical mass of expertise covering all aspects of biodiversity science makes it possible to tackle problems with innovative approaches in ways that cannot be achieved by any one partner alone. Members of PHCDBS research all facets of biodiversity-related problems from soil microbiome to human gut microbiome and social, ethical and legal issues associated with emerging science.

Our research outcomes are applied to design solutions to major needs of industry and society ranging from breeding better plants, improving and protecting animal and human health, stepping-up conservation and environmental assessments, detecting marketplace fraud, to enabling to more effective control of invasive pest species and disease vectors.

This memorandum of understanding (MOU) has been signed between the Principal, PDEA'S Waghire College of Arts, Commerce and Science, Saswad, and Director, Paul Hebert Centre for DNA Barcoding and Biodiversity Studies, Dr. Babasaheb Ambedkar, Marathwada University, Aurangabad.

Memorandum of Understanding has been signed between two institutes in order to undertake academic activities that includes:

- i. Joint research projects/works in the area of molecular systematics, genomics and process development.
- ii. Exchange of teachers/students for training for short durations.
- iii. To conduct joint trainings/workshops/conferences in the area of mutual interests

Mutually agreed terms and conditions for undertake the Memorandum of Understanding are as below:

- i. This MOU will be valid for five years commencing from 6th Jan 2023
- ii. Use of laboratory facilities for specific educational programmes
- iii. To conduct research activities by the faculties of both institutes/Ph.D. students
- iv. Resultant outcome will be published with mutual authorship with priority for first author from researcher's side.

- v. Generated IPR will also have mutual authorship and rights.
- vi. There will be no financial obligations on both the parties.

IN WITNESS WHEREOF the parties hereto, have hereunto set and subscribed their respective hands on date first hereinabove written.

**PDEA's Waghire College,
Department of Zoology**

“Two days workshop on Life science”

**Organized by Zoology Department in collaboration with Botany and Microbiology departments under the DBT- STAR College Scheme
30th and 31st January, 2023**

The Zoology department in collaboration with the Botany and Microbiology departments of Waghire College had organized two days workshop titled “Workshop on Life science” on 30th January and 31st January, 2023 under the DBT- STAR College scheme. During this workshop, eminent guest speakers like Dr. Gulab D. Khedkar, Dr. Laxmikant V. Shinde, Dr. Narsingrao N. Bandela, Dr. S.L.Laware, Dr. Aruna Bhambare and Ms. Chaitali Kshirsagar their talk on various topics related to Life science.

Felicitation of Guest speakers on 30th January and 31st January, 2023 respectively

On 30th January, 2023 after the inaugural function, Dr. S.L.Laware, Principal, ASC College, Sonai, Nevasa, Ahmednagar through his presentation on “Techniques in Biodiversity conservation” informed the students about the Biodiversity, types of diversities, need for conservation of biodiversity and the control measures adopted for biodiversity like ban on poaching and illegal hunting, stringent action on boycott of animal origin products, use of solar fencing as an alternative for controlling pest wild animals, afforestation, Water conservation, Provision of adequate food and water for wild animals. He also explained the Ex-situ and In-situ methods of conservation through which biodiversity can be preserved, protected and proliferated.

Dr. S.L. Laware delivering his talk on “Techniques in Biodiversity Conservation” on 30th Jan, 2023

Dr. Aruna Bhambre, Principal, B. Ed College, Sonai, Nevasa, Ahmednagar also through her talk on “Environmental Awareness” spoke on how small adoptive measures can be taken for conservation in day to day life by layman too. Small measures like reusing plastic, complete stoppage of plastic utilisation, use of cloth bags, use of primitive control measures for pest control instead of inorganic insecticides, use of earthenware refrigerator and utensils, planting of native plants instead of exotic plants etc. On a larger scale, conservation of native plant seeds can be achieved through seed bank preparation through the concept of “Ek Mul-Ek Mooth Biya” (One child-One fist of seeds). She also demonstrated to the students the seed ball preparation technique.

Dr. Aruna Bhambare delivering her talk on “Environment Awareness” on 30th Jan, 2023

Miss. Chaitali Kshirsagar, Director, MAESA Institute, through an interactive session spoke on what an ecosystem is and what are its different components, types of ecosystem and role of ecosystem components in environment maintenance and energy equilibrium.

Ms. Chaitali Kshirsagar delivering her talk on “Ecosystem” on 30th Jan, 2023

On 31st January, 2023, the second day of workshop, Dr. Gulab D. Khedkar, Molecular Geneticist, Scientific Director of Paul Hebert Centre for DNA Barcoding, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad spoke on “Research Ethics.” He explained the students what research is; what are the ethics that need to be followed by a researcher while carrying out research; importance of following research ethics; plagiarism and types of plagiarism; professional pressures; research ethics while publishing a research paper in a journal etc. Not only students but teachers were also deeply benefitted from this topic.

Dr. Gulab Khedkar delivering his talk on Research Ethics on 31st January, 2023.

Dr. Narsingrao N. Bandela, Dept. of Environmental Science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad spoke on “New Trends in Environmental Science” where upon he informed the students about the Bionic leaf technology; Lithium air batteries; bio-fuel production; Carbon dioxide soaking process; Albido rays; plastic degrading bacteria etc. These concepts were totally new and enlightening to the students.

Dr. Narsing Bandela delivering his talk on New Trends in Environmental science on 31st January, 2023.

Dr. Laxmikant Shinde, Head and Professor, Zoology Department, JES College, Jalna spoke on “Billion Dollar Biological Threat- Mosquito.” Dr. Shinde explained the students what a Mosquito is; types of mosquitoes; identification of disease causing mosquitoes, the economy involved in mosquito transmitted diseases etc.

Dr. Laxmikant Shinde delivering his talk on Research Ethics on 31st January, 2023.

Through the Workshop, F.Y; S.Y and T.Y.B. Sc students were benefitted.

Time: 10:30 am - 1:00 pm
