Clean and Green Campus Initiatives

The Clean and Green Campus Initiatives at PDEA's Waghire College reflect the institution's dedication to fostering environmental consciousness among its community. These initiatives include extensive recycling programs, regular tree planting drives, and the maintenance of lush green spaces throughout the campus. The college also promotes sustainable practices such as the use of renewable energy sources and water conservation techniques, which are particularly significant given the college's location in a drought-prone area. Moreover, students and faculty are encouraged to participate in environmental workshops and seminars that emphasize the importance of sustainable living. Through these efforts, College not only provides a healthier, more aesthetically pleasing environment but also instills a sense of responsibility and environmental stewardship in its students, aligning with its broader mission of social and ecological responsibility.

Clean Campus Initiatives

Signages for Ban on use of plastic

In college, plastic use is banned and the initiative taken by a college in which, use signages boards which aware ban on plastic usage. Plastic waste from college and outside of college is collected from students in a college and then given it to the recycling unit.

PDEA's, Waghire College's Clean Campus Initiatives are a cornerstone of its commitment to sustainability and environmental stewardship. The college has implemented several measures to ensure a tidy and environmentally responsible campus. These include regular cleanliness drives, stringent waste segregation policies, and the installation of numerous recycling bins across the campus. The institution also emphasizes the reduction of plastic use, encouraging students and staff to adopt reusable materials. Educational campaigns about the importance of maintaining a clean environment are frequently conducted, involving students in activities that promote tidiness and environmental awareness. Through these initiatives, PDEA College aims to create a clean, green, and sustainable educational environment that not only enhances the campus aesthetic but also fosters a culture of cleanliness and ecological mindfulness among its community.

Collection of Plastics from the campus

Plastic waste collection drive under the Swachh Bharat Abhiyan initiative

Under the Swachh Bharat Abhiyan initiative, a plastic waste collection drive was organized to tackle the pressing issue of plastic pollution. This initiative focused on engaging community members in actively collecting and properly disposing of plastic waste, aiming to reduce the environmental impact and promote recycling practices. The drive not only facilitated the removal of non-biodegradable waste from the environment but also served as an educational platform to raise awareness about the harmful effects of plastic pollution and the importance of sustainable waste management practices. This effort reflects a commitment to creating a cleaner, greener, and more sustainable environment, aligning with the broader goals of the Swachh Bharat Abhiyan to enhance cleanliness and sanitation across the nation.

Green Campus Initiatives

Our institution's Green Campus Initiatives represent a dedicated effort to integrate environmental sustainability into every aspect of campus life. These initiatives encompass a wide range of activities, from implementing energy-efficient systems and using renewable energy sources to maintaining extensive green spaces that enhance biodiversity. The campus promotes waste reduction through comprehensive recycling programs and minimizes its carbon footprint by encouraging carpooling, biking, and the use of public transportation among students and staff. Additionally, the institution hosts regular environmental workshops and events that aim to educate and engage the community in sustainability practices. These efforts not only create a more sustainable and aesthetically pleasing campus environment but also foster a culture of environmental awareness and responsibility that prepares students to be conscientious global citizens.

Landscaping with trees and plants

The college campus is full of greenery. There is a plantation of local flora along with some ornamental plants. Also, there is a green wall developed by students.

Report on
“Tree Plantation and Mask Distribution on the occasion of
Hon. Birthday of Ajitdada Pawar (22/7/2020)

On the occasion of Deputy Chief Minister of Maharashtra and President of Pune District Education Association Hon. Ajitdada Pawar's birthday, various activities were organized by Waghire College from 22nd July, 2021. The National Service Scheme played an important role in this. On 22nd July, N.S.S Volunteers planted trees in the area where they live and some of the students voluntarily donated blood in their village and also distributed masks to the needy people in the current Corona situation. In this, 38 students planted about 172 different fruit trees. Also, tree planting was done in the college premises by the Principal Dr. Sushma Bhosale. N.S.S. Programme Officer Dr. Kishor Lipare, Student Development Officer Dhakne, Librarian Prof. Dattatraya Sankapal, Prof. Sameer Kumbharkar, Office Superintendent Shri. Ashok Kondavale, Shri B.Y. Patil as well as other teachers, non-teaching staff and students were present.
